

It's coming! The 100th day of school will hopefully be on Feb.9th if we don't have any snow days!!!! It will be a day to celebrate the number 100 in Math, so get ready!! For extra credit, you may choose to create a collection of 100 items and bring it to school that day. The more creative, the better! You will earn 100 extra bonus points in Math for doing so. Have fun assembling your collection any way you choose and have it ready for the 100th day of school!
